

Declaration and Power of Attorney For Reissue Patent Application

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am an original, first and joint inventor of the subject matter which is claimed and for which a Reissue Patent is sought for the invention entitled "PROCESS OF APPLYING MATERIAL, IN PARTICULAR FOR THE PRODUCTION OF ELECTRODES FOR EXHAUST GAS SENSORS" (Attorney Docket No. 081276-9058-00), the original specification of which was filed, with my authority, on April 10, 1997 as Application Serial No. 08/827,679 and issued as U.S. Patent No. 6,074,694 ("the '694 Patent") on June 13, 2000. The corresponding reissue application was filed on July 31, 2001 as Application Serial No. 09/918,901.

I believe the original patent to be partly or wholly inoperative or invalid by reason of the patentee claiming less than the patentee had a right to claim in the patent.

One error being relied upon as the basis for reissue is that the Applicants failed to include a claim of the scope of claim 17 added in the Reissue Application.

Another error being relied upon as the basis for reissue is that the Applicants failed to include a claim of the scope of claim 18 added in the Reissue Application.

Another error being relied upon as the basis for reissue is that the Applicants failed to include a claim of the scope of claim 19 added in the Reissue Application.

Another error being relied upon as the basis for reissue is that the Applicants failed to include a claim of the scope of claim 20 added in the Reissue Application.

I acknowledge that all the errors being corrected in the reissue application up to the time of filing of this oath or declaration arose without any deceptive intention on my part.

I hereby state that I have reviewed and understand the contents of the above-identified reissue application, including the claims added to the '694 Patent therein.

I acknowledge the duty to disclose to the Patent and Trademark Office all information known to me to be material to patentability as defined in Title 37, Code of Federal Regulations, §1.56.

I have assigned my entire right, title, and interest to the '694 Patent to Robert Bosch GmbH. The assignment is recorded at reel 8760, frame 0502.

And I hereby appoint David R. Price (Reg. No. 31,557), Glenn M. Massina (Reg. No. 40,081), Leon Nigohosian, Jr. (Reg. No. 39,791), Mark A. Ussai (Reg. No. 42,195), Christopher B. Austin (Reg.
